

REPRESENTATIVE DRIEHAUS WELCOMES HHS FUNDING FOR UNIVERSITY OF CINCINNATI

WASHINGTON, DC—Representative Steve Driehaus today welcomed an announcement by the Department of Health and Human Services (HHS) of a grant of \$564,325 for the University of Cincinnati. This funding will support research efforts at the university.

“This funding is important for medical research and our region. Supporting research efforts in the health care field is critical to improving the way we care for patients. This investment will help maintain Cincinnati’s place as a leader in the medical community,” said Rep. Driehaus.

A project entitled “RNA Nanotechnology in Cancer Therapy,” will receive \$485,825 and will be under the direction of Professor Peixuan Guo of the College of Medicine and Engineering. A second project entitled “The Impact of Unacylated Ghrelin on Insulin Secretion and Glucose Tolerance in Hu,” will receive \$78,500 and will be under the direction of Dr. Jenny Tong of the Department of Internal Medicine.
